

Gluten Free Items

Food City is happy to offer aisles of gluten-free products for all sorts of diets and nutritional needs.

This listing contains many, but not all items that are labeled gluten free currently on the shelves of Food City stores. These products may not be available at your local Food City. Products were included on this list using information supplied by the manufacturers. Food City cannot guarantee the absence of all gluten in all items listed as “gluten free” due to manufacturing conditions and/or changes in product formulations by the manufacturer. We encourage our customers to become informed consumers and read all product labels for the most accurate information.
